

ALLEGHENY NATIONAL FOREST & KINZUA SKY WALK

You're on the Trail to New Adventures

Take the road less traveled to experience the heart and soul of America. For groups touring northern Pennsylvania and nearby southwestern New York our region offers stunning fall foliage, history and heritage, and a wide variety of activities and natural beauty.

Pennsylvania Puzzler

Wonder why leaves turn color in the fall? Where the Zippo lighter is made? Why the Kinzia Sky Walk was built? Why McKean County oil is green-not black? This tour can be mixed and matched to customize to your groups interest, creating a one-of-a-kind personalized experience for your group.

Scenic Beauty, Scenic Wonders

Enjoy the stunning colors of fall foliage. Tour the Longhouse National Scenic Byway, selected by USA Today as one of the most scenic byways in America. Thrill as you walk out onto an amazing engineering marvel – the Kinzia Sky Walk. Enjoy small town America as you explore Pennsylvania's most colorful two-lane byway – Scenic Route 6.

History & Heritage

Travel through time as you learn the little known stories of the first pioneers, the lumber and oil barons, famous Civil War General Thomas Kane, and the heroics of the brave men and women who fought in World War II. Relive the elegance of the Victorian Age in Smethport and the excitement of bootlegging during prohibition in Bradford.

Picture Perfect

A picture can tell a thousand words. Schedule your group for a PHOTO TREK in the Allegheny National Forest with famed photographer Ed Bernik.

Sweet Treats

Hands on baking and tasting at John Williams European Pastry Shop, food and wine tasting tours at Jack Bell's Market, Sprague's Maple Farms and Flickerwood Wine Cellars. Bring your appetite, and pack a cooler to take treats home.
